3 Explanation of symbols

A signal word will identify safety messages and property damage messages, and also will indicate the degree or level of hazard seriousness.

WARNING!

- > Indicates a hazardous situation that, if not avoided, could result in death or serious injury.

NOTICE!

- > Indicates a situation that, if not avoided, could result in property damage.

NOTE Supplementary information for operating the product.

4 Safety instructions

WARNING! Electrocution hazard

- > This equipment uses 115 V~ or 230 V~ power. Before you begin working on the system, ensure all power is turned off. Make sure there's no chance for the power to be accidentally turned on or plugged in.

WARNING! Pinch hazard

If the ice diverter turns on while the cover is off and someone is working inside, the discharge ports can move and cause pinch injuries.

- > Before taking off the ice diverter cover, make sure the power is turned off.

WARNING! Health hazard

- > The ice made by this system is not safe to eat or drink. Do not eat, chew, suck, swallow, or put the ice in drinks. This ice is only meant for keeping freshly caught fish cold in a fish box.

5 Supplemental directives

To reduce the risk of accidents and injuries, observe the following directives before proceeding to install or operate this appliance:

- Read and follow all safety information and instructions.
- Read and understand these instructions before installing, operating, or performing maintenance on this product.

The installation must comply with all applicable local or national codes, including the latest edition of the following standards:

- ANSI/NFPA70, National Electrical Code (NEC)
- American Boat and Yacht Council (ABYC) E-11 AC and DC Electrical Systems on Boats

6 Scope of delivery

The following components are included:

Quantity	Description
1	Ice Diverter
1	Display PLD Pro small
2	Wall brackets
2	Floor brackets
1	3/8 in drain plug
1	2-3/8 in MPT × 5/8 in drain fittings
1	Ice Diverter actuator power harness
1	Ice machine ice off harness
1	Ice machine box sensor
1	Short installation and operating manual

The following components are needed to complete the system and are not included:

- 3/4 in (19 mm) Dometic ice delivery hose

NOTE The Dometic ice delivery hose is reinforced with wire to prevent clogging. Using a different type of hose may lead to ice blockages.

- 5/8 in ID drain hose
- 1-1/8 in (29 mm) ID, 3/4 in (19 mm) thick-wall pipe insulation
- Dometic thru-hull fitting large enough to accommodate the ice delivery hose
- 18-22 Red locking fork terminals
- Hose clamps
- Hose straps
- 4 mounting screws

7 Intended use

The Dometic Ice Diverter, also referred to as the "product", is a device designed to automatically distribute ice from a single ice maker to two separate ice boxes, eliminating the need to manually move ice. The product is specifically designed to be used only in marine boating applications.

This product is only suitable for the intended purpose and application in accordance with these instructions.

This manual provides information that is necessary for proper installation and/or operation of the product. Poor installation and/or improper operation or maintenance will result in unsatisfactory performance and a possible failure.

The manufacturer accepts no liability for any injury or damage to the product resulting from:

- Incorrect installation, assembly or connection, including excess voltage
- Incorrect maintenance or use of spare parts other than original spare parts provided by the manufacturer
- Alterations to the product without express permission from the manufacturer
- Use for purposes other than those described in this manual

Dometic reserves the right to change product appearance and product specifications.

8 Warranty

Limited warranty available at qr.dometic.com/bfneEw. If you have questions, or to obtain a copy of the limited warranty free of charge, contact:
