OUTSTANDING VERSATILITY

The ground-breaking versatility of our Club AIR Pro 390 S enables it to fit a variety of leisure vehicles. Thanks to its patented Multi-Height System, the inflatable static awning can be used with both caravans and motorhomes with a keder connection that's adjustable to various heights. Simply unzip the gusseted side panel, peg the awning down to fine tune the fitment, then close the internal zips to hide any excess material.
